SELF-EVALUATION

Dare to chasing dreams. Good at challenging difficulties, act prudent, thoughtful, logical strategy sensitive. Have talent in artistic creativity and dual personality.

From family of senior engineers, three-year-old access to a computer, seven-year-old exposure to programming.

Is not a good boy in school, but it is the eyes of the boy. Always have a variety of novel ideas and dare to action. Good resistance to crack down on anti-frustration.

Have strong interests in Literature for music, sports and paintings. Easily across the four-year university courses during the four years study, mainly develop my EQ.

Well observed in the process of doing things to take care of the mood of workmates.
